**About Us:** City Moose Catering is an experienced and professional wedding catering company based in Nashua, New Hampshire. Jason Lamountain is the executive chef that utilizes his culinary expertise in every dish he serves. He began his culinary career at Alvirne High School and from there moved on to study at the Culinary Institute of America located in Hyde Park, New York. There, Jason worked for three years with the Functions Department and was responsible for catering functions on the CIA campus. He went on to receive his Master's Degree in Business Administration and from there accepted a position as private chef for FLIR. In 2016 Jason and Stacy, who is co-owner and catering coordinator, opened City Moose Catering that since then has been their love and full-time job.

**Cuisine Information:** At City Moose, we believe your menu should be as unique as you are as a couple. Food selections can do more than fill your belly - it's a way to highlight your personal preferences, the season, the overall vibe you want at your reception or even how you first met. It's these kinds of details we will use to create a personalized menu for your big day. Start by filling out our brief form online and schedule a phone chat - it's okay if you are unsure about what kind of menu you want - we've got a CIA Chef to help with that!
